

SEATTLE YOUTH & FAMILIES INITIATIVE

Mayor McGinn invites you to participate in the Youth and Families Initiative. As a community, let's talk about what we want for our kids and how best to create a healthy, positive and equitable environment for all families in our city.

Join us in one of five workshops for group discussion. Activities for kids older than three years of age and light refreshments will be provided at each meeting.

If English is not your primary language and you need translation or interpretation, call the Department of Neighborhoods at 206-684-0464.

Please join us in working together toward the common goal of a stronger community.
